

Agenda items for 30th Goa-SEAC Meeting held on 10th February 2015

1. Project presentation by **Corporation of the City of Panaji / CCP** / Environmental Consultant concerned for proposed Solid Waste Management Facility at Bainguinim village, Tiswadi taluka, North Goa district. (*Goa-SEAC has conducted the inspection on 8th January 2015*).
Kindly note that the CCP has submitted the proposal with a request for proposing Terms of Reference (ToRs') to conduct the EIA study.
2. **M/s In-Orbit Malls India Ltd., Mumbai** - Verification of project-specific compliance to Goa-SEAC's site-specific observations subsequent to inspection conducted on 15th July 2014. This matter was also taken up during the last meeting held on 20th January 2015.
3. Response / communication by the **Directorate of Mines and Geology (DMG)** to Authority's directions for cluster-based delineation of Minor Mineral Quarry Lease and cluster-wise comprehensive EIA / EMP for such clusters prepared through NABET / QCI-accredited environmental consultants. Accordingly, forwarding suitable comments to the Authority for further needful so as to consider pending proposal received from Minor Mineral Quarry Lease Holders (*for 'New' or Renewal of lease(s)*)
4. Any other matter with the permission of the Chair.
